

Jonathan García

FULL STACK DEVELOPER

Phone: +593939599861

Email: jonfrgar@espol.edu.ec

Web: <https://elpitagoras14.github.io/>

Address: Guayaquil, Ecuador

I am a FullStack Developer with 2 years of experience in the Industry and studies in Computer Science Engineering. I have worked in many projects, both in Frontend and Backend development, and I have also done some DevOps tasks. My skills include English, Photoshop, Javascript, CSS, HTML, Clojure, Java, NodeJS, Express, GIT, AWS, Redis, MySQL, MongoDB, Python. I am also passionate about Reading, Videogames, Music, Philosophy, Anime, and Coding.

WORK EXPERIENCE

Algorithm analysis academic assistant | ESPOL May. 2022 - Jan. 2023

- Design and development of algorithm analysis classes, resolution of exercises and answering questions to students.

Software Development Intern | Dátil Feb. 2022 - May. 2022

- Development of new electronic billing functions and solution of reported problems.
- Developed software currently in production.
- Making changes (fixing/upgrading) to existing applications.

Backend Developer | Shippify Sep. 2022 - Jan. 2023

- Developed software using a variety of programming languages, including Java, JavaScript, and Node.js
 - Wrote code to create applications that meet customer needs and business objectives
 - Tested software to ensure it meets specifications and is free of defects
 - Deployed software to production systems and provided support to users
-

EDUCATION

Computer Science Engineering | ESPOL May. 2019 - Present

- Developed an understanding of computer science concepts and their applications
 - Worked with different programming languages to create software applications
 - Learned how to design and implement algorithms to solve problems
 - Gained experience in working with databases and networks
-
